Mr. Rollie Clayton and Miss Emily  
Barrington of Sabinal were happily  
married at Judge A. M. Lamm's  
house Monday evening, July 6,  
1925. The young couple after the  
ceremony left for home, but fortune  
refused to attend them. The young  
man naturally kept both eyes on  
his pretty bride and paid too little  
attention to the steering wheel, and  
the car hit a culvert and went into  
a ditch. While the car was damaged  
the couple escaped injury, other than  
the shock they received. Travelers  
on the road stopped and helped the  
couple to get the car on its wheels  
again.

A valuable mule belonging to

key shot took effect in the flank and  
thigh at rather close range. It was  
too soon after the shooting to de-  
termine whether the mule would be  
permanently injured.

Neuman came home Friday of last

FARMERS WEEK AT A. & M. C.  
IS JULY 27-AUGUST 1.

Farmers' week at the A. & M. C.  
College of Texas is now the chief in-  
the plans of the institution. The  
rangements have been made to in-  
struct over 3000 farm people in  
phases of agriculture and rural  
life by the instructors and special-  
ists of the A. & M. College and other  
nationally prominent leaders in the  
work. Everyone will be admitted  
to the college on an equal basis, regard-  
less of advance preparation—by  
and girls, men and women. The  
Every facility of the College will be  
turned to their benefit, including the  
dormitories, Mess hall, classroom  
and laboratories, teachers and  
specialists, livestock and crops. The

dations will be made, making it possi-  
ble for families to live here for the  
week almost as cheaply as at home.  
The railroads will allow a fare of  
only one and one-fifth the regular  
round trip rate. A well equipped  
camp ground on the edge of the Cam-  
pus, with shade, shelter and delivery  
service for necessities will be open  
to all who will want to bring their  
bedding and cooking utensils and  
live tourist style for the week. Sev-  
eral hundred occupied this camp site  
last year.

Nothing will be left out in the  
course of instruction which touches  
upon agriculture or farm life so that  
no matter what the special interest  
of the individuals they will be able  
to get a week of intensive study to  
help them in their enterprise, whether  
it pertain to crop breeding or cul-  
ture, soil preparation or cultivation,  
plant propagation and prevention of  
control of disease; livestock feeding,

GOING TO LET IT DIE?

At a regular meeting of Medina  
Lodge No. 867, I. O. O. F. last  
Tuesday night, a bare quorum was  
present. Owing to the lack of in-  
terest in the lodge, it was tentatively  
agreed by those present to sur-  
render the charter and paraphernalia  
to the Grand Lodge and let the local  
lodge demise.

Accordingly, the District Deputy  
Grand Master will be notified to at-  
tend the next meeting, Tuesday night  
July 20th, and receive the Lodge  
property.

Unless the membership bestirs it-  
self and turns out on that occa-  
sion and does something to revitalise  
the lodge it will soon be only a  
memory in Hondo.

Are you going to let Odd Fellow-  
ship die in Hondo?

E. Rick, the jovial hobby horse  
man, is back in Hondo again very  
much to the delight of the kiddies.  
Mr. Rick is doing a good business,  
considering the dull times, and ex-

meantime, he will be glad to hear  
from picnic and celebration commit-  
tees with a view to running his ma-  
chine at the celebration on a percent-  
age basis. Write or phone him at  
Hondo.

B. J. Waugh, general organizer of  
the Producer's Protectorate, will be  
here next Wednesday and will speak  
at 3 o'clock at the courthouse. Mr.  
Waugh's mission is to promote cred-  
it facilities for financing stranded  
farmers in the drought area of Texas.  
Come out Wednesday and hear his  
message. Announcement of the  
speaking appears elsewhere in this  
paper.

## THE PASSING DAY.

Will H. Mayes, Department of  
Journalism, University  
of Texas.

## Careless Auto Driving.

An Austin man, his wife, his  
daughter and three grandchildren  
were early Sunday morning in an  
automobile to visit relatives in a  
neighboring town. Like most auto-  
mobiles they were in a hurry, and though  
the car was small and light, they  
passed others on the road. Sudden-  
ly there was a blow out, the  
car swerved and pitched head-  
over a bridge. The wife and  
daughter are dead, the driver and two  
children are in an Austin hos-  
pital, and relatives are mourning be-  
cause of the hurry of the party to  
the end of their journey, for  
after all there need not have  
been any haste. The Sunday night  
near Austin, a party of five  
people attempted to pass an-  
other car with their car, turning  
it over and killing one of  
the party. These are not unusual  
things—such things are almost com-  
monly happening somewhere—and  
are given only to add the state-  
ment that all this rush to get some-  
where is sheer madness.

## TPD Why So Much Speed?

In both the cases mentioned, and  
in nearly every other case, the par-  
ty need not have been in a hurry.  
If they were going for an all-  
night and had the whole day for  
the trip; in the other they were  
going home after an outing with-  
out to hurry. Just because an  
automobile can be made to go fifty  
miles an hour, it does not follow that  
most speed must be developed.  
There is really little  
to be in a drive at a speed ex-  
ceeding twenty miles an hour, for  
going more rapidly most of the  
time of the scenery is lost. Most  
waste time every day—much  
and seldom think of hurrying  
to start somewhere, when we  
become almost crazy to an-  
ticipate. Something drastic  
has to be done to com-  
pel to use common sense in

## TPD Celebration July Fourth.

from the World War, inter-  
preting the Fourth of July  
national holiday would almost  
be before now. In fact be-  
cause it had become difficult  
to get together for such a  
celebration. The Revolutionary War  
in the past to arouse much  
enthusiasm even from the most  
citizens. Only the political  
seemed to care a great deal  
day and their oratory did  
use the masses. While July  
is direct or immediate con-  
nection with the World War, it seems  
time to celebrate and to re-  
spirit of defense that is a  
to keep alive, even with the  
greatest conflict only a few  
kind. July 4 has come to  
as Defense Day, a day in  
as a people get together  
reminded that we need to be  
defend our country so  
other countries are prepared  
us. Some of us are hoping  
may live to have the day  
as Peace Day throughout  
the world.

## The Pullman Car Surcharge.

Railroads are putting on summer  
excursion rates to many points that  
make one think of the old times  
when it did not take a fortune to  
get anywhere if one only watched for  
a chance to get special rates. But  
about the time that he thinks he can  
afford to travel he finds that the  
sleeper fare is all out of proportion  
to the railroad rate, and that he must  
still pay the old war-time emergency  
surcharge on a sleeper ticket. The  
railroad commission or whatever  
body has authority to regulate rail-  
road traffic owes it to the public to  
see that at least the Pullman car sur-  
charge is removed, for it is an onerous  
burden on the traveling public.  
To the traveler the Pullman fare  
seems high enough without a fifty per-  
cent additional tax.

## TPD The Comforts of Home.

Yours must be a very uncomfort-  
able place, if it hasn't far more com-  
forts than most of the resorts one  
finds when out on vacation. The  
greatest advantage from a summer  
vacation is that it brings a person to  
at least a temporary appreciation of  
the ordinary comforts of home, how-  
ever humble it may be.

## DEVINE NEWSLETS.

### From Devine News.

Reports here say the Ina at Black-  
burn farm failed to pick up pay sand  
at the depth of the other Inas; but  
will go deeper hoping to find pay  
dirt. Some traces of oil were found,  
reports say.

P. S. Keller says he will get about  
100 bushels nubbins on his dry  
farm this crop and has 400 bushels  
old corn. Will plant more corn the  
last of July if it rains by that time.  
Made 20 bushels to the acre one  
year planted in the last of July. It  
is too hot now to plant anything  
if it should rain ever so much he  
thinks. Wait till about Aug. 1st and  
you will have shorter days, cooler  
nights and plenty time to make be-  
fore winter.

S. H. Ridgeway says he is selling  
\$100 worth of sweet milk the month  
now and hopes to make \$150. Has  
plenty pasture land but not making  
much crops. Has been here fifty  
years, has seen droughts before and  
isn't worrying about that. Didn't  
think it right for people who merely  
pay taxes on Ford car or couple of  
ponies to be allowed to vote un-  
necessary bonds on the people to  
be paid by men who own the lands.  
He says the new school building at  
Big Foot will cost him \$2,000 in  
taxes before it is paid for. He  
wouldn't object if it had been the  
real taxpayers who voted it, and  
not men who are here this year and  
will be somewhere else when the  
bonds are to be paid.

Trustees of the Shook school have  
employed learned council and will  
contest Black Creek getting the ter-  
ritory west of town, which Devine  
will ask the legislature to give to  
our school. The bond issue propos-  
ed by Black Creek has been held up  
pending the contest we are inform-  
ed. The Devine school board  
should employ council and see that  
we get that part that really belongs  
to us, and they are fighting over.

## THE WORST DROUGHT SINCE 1886-1887.

Oldest settlers are agreed that  
South West Texas as a whole is  
now in the worst drought since 1886-  
1887—thirty years ago. Over a  
large area of the San Antonio trade  
territory absolutely nothing is being  
made. In the Devine-Lytle section,  
with the irrigated lands, we are safe  
for something like half a crop. It is  
a good country that does not have  
an entire failure in forty years. We  
are hitting it a little hard here, brother,  
but we have much to be thank-  
ful for. In some places in Arizona  
and New Mexico it has not rained in  
two years—it must be getting dry  
out there.

Fred Jagge happened a painful accident Saturday afternoon while riding along the road on East side, the fender of a car, coming from the rear, hit his horse. The frightened animal reared up and plunged forward. The girth broke and rider, saddle and all came down on the hard graveled road. Fred sustained severe bruises to his face, arms, hands and legs. ### QUIHI NOTES.

Sunday morning at 10 o'clock English divine service will be held in the Quihi Lutheran church. Please bring your English hymn books along. All are cordially invited to this and every service in this church.

No divine service will be held in the New Fountain Lutheran church Sunday afternoon.

The Quihi 4th of July celebration in Boehle's grove last Saturday was a success in every particular. The committee which had all the arrangements in hand, surely, with a number of others, worked hard and merits the appreciation and thanks of the whole community. The day, and Boehle's grove, nicely cleaned and cleared up, with the well arranged and tastefully decorated platform, stands and seats, and the stars and stripes floating from the centrally planted flagstaff, were ideal for a sane and safe 4th of July celebration. The attendance was large. Apparently the whole country-side, supplemented by many friends and visitors, turned out and up to do honor to the occasion and enjoy the day. All were amply rewarded. The program of the day was fine and brought something good to practically everyone. The boys and girls won many prizes and their elders enjoyed quite a number of good recitations, fine vocal and instrumental music and several very timely and excellent speeches. To both County Superintendent of schools, W. N. Saathoff, and Prof. Schweers Saathoff special thanks are due for the interesting and instructive addresses delivered by them. It surely looks good and creditable to see a county school superintendent at a large community celebration and give to parents of the boys and girls of our schools as well as to many other hearers, the benefit of his great learning and wide experience.

Cunning tallies, old fashioned girls in yellow and lavender, were used. At the end of the evening, Mrs. Lou Heath held high score.

Vanilla ice cream was uniquely served in lavender and yellow hand painted, miniature flower-pots which were given as favors. **BURGLAR CAUGHT.**

Thursday of last week in San Antonio, a detective overheard a Mexican boy trying to dispose of some jewelry. Questioning him, he readily admitted that he had stolen it in Hondo. The officer arrested him and notified the sheriff's office here of the find.

No burglary had been reported, but Deputy Sheriff Charles J. Schuehle went down to investigate. The boy told him he took the jewelry from a house in the south part of town on Wednesday, when no one was in the house and while he was here with some fruit peddlers who had come out from San Antonio. He readily agreed to show Mr. Schuehle the house. Accordingly he brought him out Friday night and on Saturday when Mr. Schuehle took him into the south part of town he went direct to the home of Earl Starnes and showed how he opened the screen door and made his entrance into the house. When shown the jewelry, Mrs. Starnes recognized it at once as her own property, but she had not missed it and was unaware that the house had been burglarized.

The Mexican, Ramon Garcia, a boy about 18 years old, was given an examining trial in Justice Court here and bound over to await the action of the grand jury on a charge of burglary.

**THE BRADY BOOSTERS HERE.**

A bunch of live boosters from Brady in a caravan of some 15 or 20 automobiles paid Hondo a brief visit Wednesday morning. They rolled in from San Antonio and were met in North Front Street informally by a large number of our people.

While most of the party visited around with our people the Brady Band, played several selections, after which Judge J. E. Shropshire of Brady made a brief speech, extolling the attractions and resources of Brady. He invited our people to attend the big State Convention of the Sheep and Goat Raisers Association at Brady July 28, 29, and 30.

In addition to preparing some historical and statistical data about Hondo for our guests, Secretary W. N. Saathoff, of the Chamber of Commerce, hastily gathered together a little exhibit of some of the "growing things" around Hondo, and they were the source of much interest among the visitors.

Among those who contributed to the exhibit and the products they showed were the following:

Tom McCall, Oranges, figs and pears.

Judge R. J. Noonan, Figs.

Prof. Saathoff, Lemon.

P. Weynand, Pears, Tobacco and grapes.

Joe Huessner, Grapes and pears.

L. Morris, Kelsley and Burbank plums.

F. Batot, Pecans.

Jerry Smith, Honey.

After a brief stay, the party boarded their motor cars and headed West to visit other points before returning to Brady.

**WINDROW BOYS MAKING GOOD.**

George Windrow, who completed the University course in pharmacy last year at Galveston and had to wait for his diploma until he had arrived at the minimum age limit prescribed by law for registered pharmacists, recently passed the required examination and has secured a lucrative position with a drug company at Charlotte.

Henry Windrow, who completed the pharmacy course at the same institution last spring, has secured connection with the Milburn Drug Co. of San Antonio.

These two boys are following their father's calling in the drug business, and if they give to it the same measure of devotion their father has given to the business in Hondo will, like him, succeed.

Another of the boys, Ralph, who adopted the profession of civil engineering, is working on a big engineering enterprise in a northern state and is so pleased with his prospects that he recently turned down a proffered professorship in his alma mater, the University of Texas, at a salary of \$400.00 per month.

**UP WHERE THE APPLES GROW.**

John J. Moehring, his son, Eddie Moehring, and wife, Ehme Saathoff and his son, Albert Saathoff, and wife returned the middle of last week from a ten days trip to Alpine and Ft. Davis. While at Alpine they were guests of their relatives, Messrs. John Weyerts and Fritz Weyerts and their families.

The elder Moehring and Saathoff were employed at Alpine 34 years ago, and while there helped plant an apple orchard. Some of these trees are still living and bearing. Mr. Moehring says the apple crop is fine up there and as an evidence thereof brought back with him a seven-inch twig that contained 13 well developed apples. The apples are of the famous Delicious variety.

The party reports a most enjoyable trip and say the western country is flourishing with plenty of grass and water, and cattle fat.

**APPROACHING MARRIAGE ANNOUNCED.**

One of the most interesting social affairs of the season was given last Thursday afternoon when Mrs. Don V. Moore entertained with four tables of Bunco in honor of her niece, Miss Mildred Freeman.

The rooms were lovely in their beautiful decorations of cut flowers. Punch was served throughout the afternoon.

The high score prize, a hand painted card table number, was won by Miss Vivian Deem. The low score prize, consisting of lingerie pins, was won by Mrs. H. A. Cox, Jr. The honor guest prize, a hand painted mayonnaise set, went to Miss Mildred Freeman.

When the refreshments were served each guest received a clever table flavor in the form of a tiny powder puff which contained a card upon which was written the announcement of the approaching marriage of Miss Mary Mildred Freeman to Chauncey Pierpoint Ulbrich of Hondo, the wedding to take place in the Baptist Church at Crystal City on July 21, 1925.

Refreshments of fruit salad, potato chips, saltines, cake and iced tea were served.

Quite a number of guests enjoyed Mrs. Moore's hospitality and all were pleased with the evening's entertainment.—Zavalla County Sentinel.

**STOP THAT BACKACHE!**

Many Hondo Folks Have Found the Way.

Is a dull, nerve-racking backache wearing you out? Do you feel older and slower than you should? Are you tired, weak and nervous? find it impossible to be happy, or enjoy the good times around you? Then there's something wrong and likely it's your kidneys. Why not get at the cause? Use Doan's Pills—a stimulant diuretic to the kidneys. Your neighbors recommend Doan's. Read what this Hondo resident says:

O. H. Getter, retired painter, says: "I was taken with a terrible backache and my kidneys acted irregularly. On stooping it was an effort for me to straighten again. Nights I had to get up frequently to pass the kidney secretions, which were scanty, highly colored and scalding. I felt tired and worn out all the time and had no ambition. After taking two boxes of Doan's Pills, my back was strong and my kidneys acted regularly."

**No Worms in a Healthy Child**  
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general Strengthening Tonic to the whole system. Nature will then throw off or diabol the worms, and the child will be in perfect health. Pleasant to take. 75c per bottle.

Until further notice I will send to new subscribers only, to introduce them, **FLETCHER'S FARMING** and the Dallas Semi-weekly Farm News both for seven months for only 60c. Fletcher Davis, Hondo, Texas.
